Maintenance Medications Drug List

Starting January 1, 2027

Your plan only covers the medications on this list when you fill them through home delivery from Express Scripts® Pharmacy.[1]

What to know about this drug list.

- Medications are grouped by condition and listed in alphabetical (A–Z) order.
- Generics are in lowercase letters. Brands are in ALL CAPITAL letters.
- **This drug list is regularly updated**, so this document may not include all of the medications that must be filled through Express Scripts Pharmacy.
- **Your plan may not cover all of the medications listed here.** Log in to the myCigna® app[2] or **myCigna.com**®, or check your plan details, to see what your plan covers.

Maintenance medications

These are the medications you take regularly to treat ongoing health conditions like asthma, diabetes, high blood pressure, or high cholesterol.

About Express Scripts Pharmacy.

With home delivery, you can:

- Order, track, and pay for your medication on your phone or online
- Get standard shipping at no extra cost[3]
- Get up to a 90-day supply at one time
- Talk with a pharmacist 24/7
- Sign up for automatic refills or refill reminders[4]
- Use a payment plan if you need one

To learn more, go to **Cigna.com/homedelivery**. To get started, log in to the myCigna app or **myCigna.com** and move your prescription or call Express Scripts Pharmacy at **800.835.3784**.

Cigna Healthcare reserves the right to make changes to this drug list without notice. Your plan may cover additional medications; please refer to your enrollment materials for details. Cigna Healthcare does not take responsibility for any medication decisions made by the doctor or pharmacist. Cigna Healthcare may receive payments from manufacturers of certain preferred brand medications, and in limited instances, certain non-preferred brand medications, that may or may not be shared with your plan depending on its arrangement with Cigna Healthcare. Depending upon plan design, market conditions, the extent to which manufacturer payments are shared with your plan and other factors as of the date of service, the preferred brand medication may or may not represent the lowest-cost brand medication within its class for you and/or your plan.

Health benefit plans vary, but in general to be eligible for coverage a drug must be approved by the Food and Drug Administration (FDA), prescribed by a health care professional, purchased from a licensed pharmacy and medically necessary. If your plan provides coverage for certain prescription drugs with no cost-share, you may be required to use an in-network pharmacy to fill the prescription. If you use a pharmacy that does not participate in your plan's network, your prescription may not be covered, or reimbursement may be limited by your plan's copayment, coinsurance or deductible requirements. Certain features described in this document may not be applicable to your specific health plan, and plan features may vary by location and plan type. Refer to your plan documents for costs and complete details of your plan's prescription drug coverage.
